### TOY STORY LAND OPENS AT WALT DISNEY WORLD

By Sandra Chambers

Inspired by Disney-Pixar's "Toy Story" films, the long-awaited Toy Story Land officially opened this summer at Disney's Hollywood Studios. The Toy Story fun is shared throughout the park with the new H2O Glow nighttime pool party at Typhoon Lagoon, Pixar Play at the Contemporary Resort and "The Music of Pixar Live! Show."

#### TOY STORY LAND

The 11-acre Toy Story Land transports guests to Andy's backyard where they will feel like they've shrunk to the size of a toy. Inside this wondrous world of Woody, Buzz and other larger-than-life "Toy Story" characters, visitors are surrounded by giant building blocks, game board pieces, Rubik's Cubes, Cooties and even lampposts shaped like Tinker toys.

Jump on the colorful Slinky Dog Dash, a family-friendly roller coaster with a slinky coil of twists and turns around curves, hills and bridges. Then, climb aboard Alien Swirling Saucers, a galactic space toy with multicolor lighting and sound effects. An all-time favorite, Toy Story Mania, where riders take aim at 3D objects in a fast-paced game has become bigger and better with the addition of a third track. All this fun is sure to make one hungry, so take a break and visit Woody's Lunch Box for a grilled three-cheese sandwich or Woody's favorite Texas-style smoked brisket melt and an old-fashioned root beer float. #### H2O GLOW NIGHTS

Rex and his Toy Story pals are throwing a new nighttime glow party this summer at Disney's Typhoon Lagoon water park. As part of the fun, there will be special food and beverage offerings, "Toy Story" character greetings and a DJ dance party on the beach. Adults will love The Wharf, an adults-only area with private bar and entertainment.
